

1. Download the free Panorama software which is Photo Story 3 and save it on the hard drive.
2. Right click on the setup file, click Properties, click Compatibility tab, under compatibility mode, check mark “Run this program in compatibility mode for:” and select “Windows XP (Service Pack 2)” from the drop down list. Click Apply and then click ok.
3. Under “Privilege level”, click “Run this program as an administrator”, click apply and then click ok.
4. Install the program and restart the computer for the changes to take effect.
5. Launch the program and check for its functionality.

Refer the link to install the program in compatibility mode: Make older programs run in this version of Windows: <http://windows.microsoft.com/en-us/windows7/Make-older-programs-run-in-this-version-of-Windows>
